Facility Reporting Group A consists of:

- Facility 1: Temple University Hospital, Inc
- Facility 2: Temple Univ Hosp @ Episcopal Hospital
- Facility 3: Temple Univ Hosp@Bone Marrow@Jeanes
- Facility 4: Northeastern Ambulatory Care Center

Facility 1 -- Temple University Hospital, Inc

Part V, Section B, line 3: In conducting its CHNA, Temple University Hospital took into account input from representatives of the community served by its facility, including those with special knowledge or expertise in public health. Our processes, as well as the persons with whom Temple University Hospital consulted are set forth on pages 13 to 15, as well as Appendix A of the CHNA, which is posted in plain view on the hospital's website at [http://tuh.templehealth.org/content/community\\_health\\_information.htm](http://tuh.templehealth.org/content/community_health_information.htm). As noted in the CHNA, Temple University Hospital held three community meetings at its facilities, which included 19 community leaders. Its CHNA also included feedback obtained in four external community CHNA community meetings that were conducted by the Public Health Management Corporation on behalf of Temple University Hospital and other Philadelphia area hospital providers.

Facility 1 -- Temple University Hospital, Inc

Part V, Section B, line 6i: Temple University Hospital participated extensively in the development of the Pennsylvania Department of Health's statewide health planning in connections with its Statewide Innovation

Model and its Healthy Pennsylvania Waiver Application to the Federal Centers for Medicare and Medicaid Services.

Facility 1 -- Temple University Hospital, Inc

Part V, Section B, line 7: Temple University Hospital is addressing most of the needs identified in the CHNA. Some needs, such as dental care, however, are not among the clinical service that is provided by our hospital. To address cancer care, we are working in partnership with our affiliated Fox Chase Cancer Center. Although the federal government and HHS-funded Marketplace Navigators are in a better position to address needs of the uninsured, our Financial Services Department continues to provide services for our patients and families, and is partnering with community stakeholders as our resources allow. All unmet needs are identified in our CHNA Implementation strategy, which is posted in plain view on our hospital's website at [http://tuh.templehealth.org/content/community\\_health\\_information.htm](http://tuh.templehealth.org/content/community_health_information.htm). Our approach to unmet needs is explained in Section 10 of that report.

Facility 1 -- Temple University Hospital, Inc

Part V, Section B, line 20d: For patients eligible under the FAP, the maximum amount charged by the hospital was an amount equal to two times the current Medicaid reimbursement amount for services rendered. This amount was further discounted for anyone under 300% of the FPIG.

Facility 2 -- Temple Univ Hosp @ Episcopal Hospital

**Part VI Supplemental Information**

Provide the following information.

- 1 Required descriptions.** Provide the descriptions required for Part I, lines 3c, 6a, and 7; Part II and Part III, lines 2, 3, 4, 8 and 9b.
- 2 Needs assessment.** Describe how the organization assesses the health care needs of the communities it serves, in addition to any CHNAs reported in Part V, Section B.
- 3 Patient education of eligibility for assistance.** Describe how the organization informs and educates patients and persons who may be billed for patient care about their eligibility for assistance under federal, state, or local government programs or under the organization's financial assistance policy.
- 4 Community information.** Describe the community the organization serves, taking into account the geographic area and demographic constituents it serves.
- 5 Promotion of community health.** Provide any other information important to describing how the organization's hospital facilities or other health care facilities further its exempt purpose by promoting the health of the community (e.g., open medical staff, community board, use of surplus funds, etc.).
- 6 Affiliated health care system.** If the organization is part of an affiliated health care system, describe the respective roles of the organization and its affiliates in promoting the health of the communities served.
- 7 State filing of community benefit report.** If applicable, identify all states with which the organization, or a related organization, files a community benefit report.

Part I, Line 7:

Explanation: As set forth in the Temple University Health System Department of Finance Policies and Procedures (TUHS-FIN 302), it is the policy of Temple University Health System to provide all necessary urgent and emergent care to patients without regard to their ability to pay for such care. Given this mission and within the guidelines of prudent business management, it is further the policy of Temple University Health System (TUHS) that an orderly and controlled system for the write-off of all types of Bad Debt and Charity Care balances is in effect to insure maximum collections. All patients have the option to apply for the TUHS Charity Care Program. The guiding principles behind this policy are to treat all patients equally, with dignity and respect, to serve the emergency healthcare needs of everyone in the community, to assist patients who cannot pay and to balance appropriate financial assistance for patients with fiscal responsibility. Patients and their families have a responsibility to assist TUHS in qualifying them for financial assistance.

**Part VI** Supplemental Information (Continuation)

TUH Inc.'s cost to charge ratio for Part 1, lines 7a through 7d is derived by total expenses divided by the total gross charges.

## Part I, Line 7g:

Explanation: Temple University Hospital invested nearly \$23 million to subsidize critical health care services needed in our community. This includes support for our outpatient emergency, acute care and psychiatric services, as well the inpatient psychiatric services on our Episcopal Campus. These physical and mental health services are critical to the health and welfare of our vulnerable communities.

## Part II, Community Building Activities:

Explanation: Temple University Hospital engages in a number of community building activities throughout the year, serving more than 40,000 people, and indirectly serving tens of thousands more. These activities include the following programs:

## Community Support:

(1) Temple University Hospital Emergency Preparedness and Research Program. The purpose of this program is to ensure that our staff and hospital facilities are prepared to continue to provide safe, quality patient care even under the most austere conditions. We ensure that our staff and facilities are prepared for disasters and other emergencies by working on many levels, both within the hospital and in the communities we serve. The TUH Emergency Preparedness and Research Program is also a critical link in the federal, state and local disaster response plans. Our Emergency Preparedness Department is involved in three local committees, including the North Philadelphia Emergency Healthcare Support

**Part VI** Supplemental Information (Continuation)

Zone, the Regional Hospital Subcommittee; and the Emergency Support Function-8 Work Group. These committees are focused on creation of drills, policy development, and continuing education.

(2) Cradle to Grave Anti-Violence. This program helps reduce the financial, emotional, and societal costs of gun violence in the City of Philadelphia. Temple's Cradle to Grave program works with at-risk youth to help break the cycle of gun violence, reaching more than 1,500 people this year. Since the program began in 2006, Cradle to Grave has connected with more than 9,000 middle and high school students, as well as at-risk youth from area alternative schools and the Juvenile Justice Center of Philadelphia.

(3) Blood Drives. Temple University Hospital works closely with the American Red Cross to support its mission of providing a safe and reliable blood supply that helps ensure quality outcomes and save lives. This year, Temple helped collect more than 650 pints of blood from employees and physicians.

(4) Philadelphia MOM program: Temple University Hospital assists the Philadelphia Department of Health in providing early interventions for healthy newborns. After identification at Temple University Hospital, city social workers make home visitations through the child's 6th birthday to ensure that they have access to healthcare and educational resources.

(5) Temple University Hospital conducts numerous employees engagement activities throughout the year, including collections for new coats and clothing, holiday gifts, food, and school supplies to benefit low income

**Part VI** Supplemental Information (Continuation)

families living in our communities. We are particularly proud of the support that we provide to local public schools, where many families have limited resources to purchase warm weather clothing and school supplies for their young children. We also conduct drives to support disabled children and adults to help them participate in the adapted cycling program of the Pennsylvania Center for Adapted Sports.

(6) Temple University Hospital also assists in providing free space and supports for the City of Philadelphia District Attorney Office Youth Aid Panel, as well as the Philadelphia Election Commission's efforts to provide safe, accessible polling places for community members.

(7) Temple Center for Population Health: Serves as an interface with federal, state and local agencies and with community based organizations to collaborate on initiatives to improve the health of our low-income, diverse, medically complex population.

**Workforce Development:**

Investment in Community's Healthcare Workforce. The purpose of this program is to build local workforce and improve skills sets needed to deliver quality healthcare. This involves comprehensive training and education to help workers living in our community adapt and improve skills to enable them to participate in a changing healthcare workplace. About half the students are union members and half from the general community, including laid-off workers and Welfare recipients.

Community Health Worker Program: Work in partnership with TU Center for Social Policy, District Council 1199c Training and Upgrade Fund and

**Part VI** Supplemental Information (Continuation)

Philadelphia Workforce Development Corporation to develop job skills for unemployed individuals living in our community while achieving the national goals of improving healthcare quality, improving the health of our communities, and reducing the cost of quality care.

Part III, Line 8:

Explanation: Community Benefit as in Charity Care is when estimated cost of providing services is in excess of payments received. In 2013, the cost of providing services to the Medicare population was \$7,911,182 higher than revenue. Medicare allowable cost was based on cost apportionment derived from the Medicare Cost Report. The Medicare shortfall carried by TUH provides a community benefit because it benefits a charitable class, the elderly.

Part III, Line 9b:

Explanation: Temple University Hospital's collection policy contains provisions on the collection practices to be followed for patients who are known to qualify for charity care. If a patient does not qualify for charity care or qualifies for only a charity care discount, the normal billing process of four (4) statements over a span of at least 120 days will occur. If no patient response is received, a write-off request form will be completed by the collection specialist and submitted for proper signature authority for agency referral. Once approved, the account will be transferred to the Bad Debt Financial Class logged. The account will be forwarded to the collection agency for additional collection effort. Collection vendors are required to include in their collection notifications notice that Temple provides free and/or reduced price care to persons who qualify, that Temple provides assistance in applying for

**Part VI** Supplemental Information (Continuation)

and obtaining government funded insurance, and that patients can contact Temple's Financial Services Department for assistance.

Part III, Line 2

Explanation: Bad debt expense is calculated based on the product of monthly gross charges and a rolling six month average of the ratio of bad debt transfers to gross charges. This ratio is derived by dividing the cumulative bad debt transfers with discharge dates between 12 to 18 months prior to each closing month by the corresponding gross charges in the same 12 to 18 month period.

Part VI, Line 2:

Explanation: In addition to the formal community needs assessment described in Part V Section B, Temple University Hospital further assesses community health needs using comprehensive sets of internal and external data sources. Externally, we rely largely on health data compiled by federal, state, city and community based health organizations, including the following:

\*United States Center for Disease Control - (sample reports or data sets)

\*Pennsylvania Department of Health - (sample reports or data sets)

\*Pennsylvania Health Care Cost Containment Council (PHC4) - (sample reports or data sets)

\*Philadelphia Department of Public Health, including the Philadelphia Vital Statistics Report, the Philadelphia Vital Statistics Report by Census Tract and Zip Code Report; the annual Health Center Service Area Report; the Maternal and Child Family Health Data Watch, the Report on

**Part VI** Supplemental Information (Continuation)

Selected Maternal & Child Health Indicators for the City of Philadelphia, 1995-2005 and the Taking Philadelphia's Temperature report.

\*Delaware Valley Healthcare Council - (sample reports or data sets)

\*Centers for Medicare and Medicaid Services (CMS) Medpar data.

\*Maternity Care Coalition - Childbirth at a Crossroads report.

\*Premier - Care Science Quality Manager

\*Current literature on evolving health care delivery issues and care delivery models.

Internally, we rely on the following sources:

\*Collaboration of Medical School and Hospital leadership

\*Consensus discussion with key clinical providers

\*Performance Improvement, Risk Management and Patient Safety outcomes.

\*Historic, service line specific utilization data

\*Organizational community risk assessments (Infection Control, Environment of Care, Emergency Management, Fire Safety Management, Disaster Response)

\*In addition to data sources, we also work closely with local government offices and not-for-profit community based health and social services organizations to address specific needs of vulnerable populations.

As the primary safety net hospital serving Philadelphia and its surrounding counties, Temple University Hospital (TUH) maintains strong relationships with area community Health Centers, including the City of Philadelphia Health Centers and many Federally Qualified Health Centers (FQHCs). These partnerships enable TUH to coordinate care delivery in both the inpatient and outpatient settings.

**Part VI** Supplemental Information (Continuation)

In Woman's Health TUH collaborates with three FQHCs, Esperanza Community Health Center, Maria Del los Santos Health Center, and Greater Philadelphia Health Action to provide Obstetrical Care. Through this partnership community physicians are integrated with the Temple faculty and community practices to provide a full range of obstetrical services for their patients. In addition, TUH participates with the City of Philadelphia MOM Program. This early intervention program consists of frequent phone calls and home visits to encourage mothers to have their babies immunized on schedule and to participate in needed developmental and educational services. The program seeks to fill the gap between children's need for services and mothers' ability to assure their children's participation in those services.

Temple University Hospital also works closely with our community partners to provide for adult health services. The physicians of Esperanza Community Health Center maintain staff privileges and provide continuity of care for their patients at TUH. The group participates in the Temple University Internal Medicine Residency Programs. Maria Delos Santos Health Center and Greater Philadelphia Health Action provide outpatient services and refer patients to TUH for inpatient care.

The Hospital also maintains a close relationship with City of Philadelphia Health Department and its District Health Centers. TUH works closely with the city to provide for aftercare following hospitalization and often expedites needed specialty care and diagnostic evaluations.

Explanation: 35 Financial Counselors assigned to Temple University

**Part VI** Supplemental Information (Continuation)

Hospital screen all uninsured and underinsured patients (including those with high deductibles and co-pays) who are hospitalized or require elective outpatient hospital services to determine their eligibility for government funded medical insurance coverage such as Medicaid and CHIP.

\*Patients that meet the qualifications for these programs are assisted by financial counseling staff throughout each step of the application process. Medicaid applications are submitted by TUH on the patient's behalf and tracked until final determination.

\*Patients who do not qualify for government-funded programs are screened for Temple University Health System's Charity Care/Self Pay program to determine their eligibility for free or reduced cost care.

\*Temple's Charity Care/Self Pay discounting policy is not restricted to Emergency Department patients, but is available to inpatients and outpatients as well.

\*Patients who contact the Hospital's Business Office concerning bills they have received that they cannot afford to pay are also screened for Charity Care eligibility.

\*The Financial Counseling Staff at Temple University Hospital also offers assistance in obtaining supplemental coverage as well as prescription drug benefits.

\*Patients are informed of Temple's Financial Services, and direction on how to access these services, through the following means:

Part VI, Line 4:

Explanation: Temple University Hospital's service area consists of the following zip codes: 19111, 19120, 19121, 19122, 19124, 19125, 19132, 19133, 19134, 19138, 19140, 19141, 19144, and 19149. Zip codes 19111, 19138, and 19149 are additions based on CY2013 PHC4 data. This area population retains a disproportionately high percentage of poor and undereducated.

A. Population and Population Growth

The total population in TUH's service area has slightly increased over the past decade and is projected to remain the same from 2012 to 2017. In contrast, the total U.S. population has increased over the past decade, and is projected to grow by 3.9% over the next five years.

B. Age Distribution

Approximately 27% of the total population within TUH's service area is under the age of 18, approximately 15% higher than the overall average for the United States (23.4%). 27.0% of the TUH service area population is age 18-34, 16% higher than the national average of 23.2%. 35.7% of the TUH service area population is age 35-64, 9% less than the national

**Part VI** Supplemental Information (Continuation)

average of 39.2%. 10.5% of the TUH service area population is over 65 years old, which is 26% less than the national average of 14.2%.

The average age of the TUH service area is projected to increase slightly over the next five years. The under 18 population is projected to remain nearly unchanged from 2014 to 2019. The 65 and over population is projected to increase from 66,228 in 2014 to 77,818 in 2019, a projected increase of 15%.

**C. Education Level**

In 2012, the population in the TUH service area consisted of 63.9% with high school education or less, a rate 50% higher than the national average of 42.6%. The TUH service area population consists of 36.1% with education beyond high school, approximately 37% less than the national average of 57.4%.

**D. Unemployment and Household Income****Unemployment**

Although employment rates are steadily rising; however, in the city of Philadelphia, 7.6% of the total population were unemployed in June 2014, approximately 37.5% higher than the state unemployment rate of 5.6% and 24.5% higher than the national unemployment rate of 6.1%.

(Source: Bureau of Labor Statistics, US Department of Labor; Pennsylvania Department of Labor)

**Household Income**

71% of households in the TUH service area earn less than \$50,000 per year, approximately 45% greater than the national average of 48.9%. 29% of TUH service area households earn over \$50,000 per year, which is approximately

**Part VI** Supplemental Information (Continuation)

43% less than the national average of 51.1%.

**E. Population Below Federal Poverty Level**

Approximately 35% of the population living within Temple University Hospital's service area live at or below the federal poverty level. This is greater than the national level of 15.1%.

**F. Race/Ethnicity**

In TUH's service area, 46.7% of the total population is Black, nearly three times the national level of 12.3%. Hispanics are the second largest population in TUH's service area, comprising 23.9% of the population, compared to the national average of 17.6%. The percentage of White population is lower than the nation level, 21.6% in the TUH service area compared to 62.1% nationwide.

**G. Payer Mix in 2011**

Approximately 77% of cases in the Temple University Hospital service area were covered by either Medicaid or Medicare: 45.6% for Medicaid, and 31.4% for Medicare. (Note: the actual percentage of inpatients discharged from Temple University Hospital covered by Medicaid and Medicare is somewhat higher than the percentage of residents living in our primary service area.)

**Part VI, Line 5:**

Explanation: Temple University Hospital serves one of our nation's most diverse and economically challenged urban areas, with about 85% of its patients covered by government programs, including 31% covered by Medicare and 53% covered by Medicaid. Temple University Hospital is in a federally

**Part VI** Supplemental Information (Continuation)

designated Urban Renewal Area and is located in a federally designated Medically Underserved Area. Its Episcopal Campus is located in a Federal Empowerment Zone.

Temple University Hospital provides substantial charitable care to its community, with nearly \$47 million in charity and unreimbursed care, at cost, provided last year. In addition to this charity care, Temple University Hospital takes great pride in the broad array of community services that we provide to our economically challenged neighborhoods. In addition to those community-building activities described above, we provide programs and activities that advance the health of people and the quality of life in our vulnerable communities:

**PROVIDING CRITICAL SOCIAL RESOURCES.** Temple connected nearly 13,000 people with community-based social services, including free transportation services, legal services, and clothing to destitute patients upon discharge, and free pharmaceuticals, co-pays and medical supplies that provide our most vulnerable patients with the resources they need to help them heal after discharge.

**REACHING OUT TO THE COMMUNITY.** Temple University Hospital reached over 40,000 people through our many community outreach and community building initiatives, providing free health screenings; support groups for patients and families dealing with alcoholism, narcotics abuse, behavioral health disorders, cancer and other diseases; providing free immunization for flu in cooperation with the City Health Department; offering education on childbirth, mental health, burn prevention, diabetes care, cancer, smoking cessation, and other topics; and providing many other outreach activities.

**Part VI** Supplemental Information (Continuation)

In collaboration with local food banks, public schools, and community organizations, we also conduct numerous food, new clothing, and school supply drives to benefit children and adults living in our impoverished neighborhoods.

CONNECTING PATIENTS WITH FINANCIAL RESOURCES. Temple employs 35 Financial Counselors dedicated to helping uninsured and under-insured patients obtain medical coverage. This team processes about 5,500 applications annually.

FOSTERING VOLUNTEERISM. Members of Temple University Hospital's Board of Directors are comprised of dedicated volunteers from diverse backgrounds who offer expertise and govern the organization without compensation. Similarly, members of Temple University Hospital's executive staff routinely participate in not-for-profit community health and social service organizations, as volunteer members of their boards-of-directors, and as participants in their outreach services. In addition, Temple University Hospital engages volunteer community members to help advance its healthcare mission. Through our chaplaincy, family support, and other programs, our volunteers touch more than 9,000 people annually, helping to advance healing through their compassionate services to patients and their families.

PROMOTING MULTI-CULTURAL SERVICES. With an annual investment of about \$1.5 million, Temple University Health System has 349 language-proficient staff, all who have been credentialed through the Linguistic and Cultural Services Department. This includes 10 full-time medical interpreters, 2 medical interpreters in leadership roles, 39 active dual-role

**Part VI** Supplemental Information (Continuation)

interpreters, 61 language proficient physicians, 21 RNs, 1 social worker, and 215 other language proficient bi-lingual staff.

KEEPING PATIENTS OUT OF THE EMERGENCY DEPARTMENT. Temple University Hospital's Northeastern Campus includes its unique ReadyCare physician practice. ReadyCare offers expanded hours 365 days per year, and provides care that is specifically designed to meet the needs of the community, and to prevent unnecessary visits to a hospital Emergency Room.

REDUCING THE GOVERNMENT BURDEN. Temple maintains strong affiliations with the City of Philadelphia, Federally Qualified Health Centers, and numerous community health organizations to help ensure access to care for our vulnerable population. We are also partnering with the government on numerous innovative programs to improve care delivery and reduce costs.

Part VI, Line 6:

Explanation: Temple University Hospital is a member of the Temple University Health System, Inc. (TUHS). It is the chief clinical teaching site for the Temple University School of Medicine. Consistent with its mission to provide access to the highest quality of health care in both the community and academic setting, Temple University Hospital supports Temple University and its Health Sciences Center academic programs by providing the clinical environment and service to support the highest quality teaching and training programs for health care students and professionals, and to support the highest quality research programs. The missions of other members of the Temple University Health System similarly advance the health systems goals, as follows: Jeanes Hospital's mission is to maintain and enhance the quality of life for individuals in the

Form 990, Part I, Line 1, Description of Organization Mission:

Our mission is to support Temple University and its Health Sciences Center academic programs by providing the clinical environment and service to support the highest quality teaching and training programs for health care students and professionals, and to support the highest quality research programs.

Form 990, Part III, Line 1, Description of Organization Mission:

Our mission is to support Temple University and its Health Sciences Center academic programs by providing the clinical environment and service to support the highest quality teaching and training programs for health care students and professionals, and to support the highest quality research programs.

Form 990, Part III, Line 4a, Program Service Accomplishments:

Temple University Hospital was founded in 1892 as "Samaritan Hospital," with the mission of caring for patients with limited incomes and ensuring access to medical care in its surrounding neighborhoods. Today, Temple University Hospital is a 722-bed non-profit acute care hospital that provides a comprehensive range of medical services to its North Philadelphia neighborhoods, as well as a broad spectrum of secondary, tertiary, and quaternary care to patients throughout Southeastern Pennsylvania.

Temple University Hospital serves as one of the most respected academic medical centers in Southeast Pennsylvania. As the chief clinical teaching site for the Temple University School of Medicine, Temple University Hospital offers advanced treatments, and access to the latest research innovations, that help many patients achieve treatment outcomes once thought impossible. We are proud of our many specialty programs including Abdominal Organ Transplant, Bone Marrow Transplant, Cancer Treatment, Digestive Disease, Heart & Vascular, Pulmonary, Neuroscience and Orthopaedic & Sports Medicine care.

Temple University Hospital serves one of our nation's most economically challenged and diverse urban populations. About 84% of the patients served by Temple University Hospital are covered by government programs, including 33% by Medicare and 51% by Medicaid. We are an indispensable provider of health care in the largest city in America without a public hospital. Among Pennsylvania's full-service safety-net providers, Temple University Hospital serves the greatest volume and highest percentage of patients covered by Medicaid.

Temple University Hospital also serves as a critical access point for vital public health services. It is the only Level 1 Trauma Center in Southeast Pennsylvania with a Burn Unit. Its Episcopal Campus contains all of Temple's behavioral health services, including a psychiatric Crisis Response Center, a full-service Emergency Department, and a 21-bed medical telemetry unit.

Last year we handled more than 135,000 patients in our Emergency

Department; 10,000 patients in our Crisis Response Center; 500 victims of gun and stab violence; and more than 300 patients in our Burn Center. We also delivered about 3,000 babies, of whom nearly 90% were covered by Medicaid.

Temple University Hospital is in a federally designated Urban Renewal Area and is located in a federally designated Medically Underserved Area. Its Episcopal Campus is located in a Federal Empowerment Zone. About 35% of individuals in Temple's primary service area live below the federal poverty level.

Temple University Hospital is staffed by 400 employed physicians of the Temple University School of Medicine's practice plan. Temple University Physicians represents 17 academic departments including subspecialties in emergency medicine, family practice and pediatrics, cardiology, gastroenterology, oncology, obstetrics and gynecology, orthopedics, neurosurgery, neurology, general and specialty surgery, and psychiatry. All Temple University Physicians care for patients covered by Medicaid in both the inpatient and outpatient settings.

Temple University Hospital takes great pride in the broad array of community services that we provide to our economically challenged neighborhoods and the Southeast Pennsylvania region. Below is a summary of this year's programs and activities that advance the health of people and the quality of life in our communities:

PROVIDING CRITICAL SOCIAL RESOURCES. Temple connected about 13,000 people with community-based social services, including free

transportation services, legal services, and clothing to destitute patients upon discharge, and free pharmaceuticals, co-pays and medical supplies that provide our most vulnerable patients with the resources they need to help them heal after discharge.

REACHING OUT TO THE COMMUNITY. Temple University Hospital reached more than 40,000 people through our numerous outreach and community building programs. We provide free health screenings; support groups for patients and families dealing with alcoholism, narcotics abuse, behavioral health disorders, cancer and other diseases; providing free immunization for flu in cooperation with the City Health Department; offering education on childbirth, mental health, burn prevention, diabetes care and other topics; and providing many other outreach activities. In collaboration with local food banks, public schools, and community organizations, we also conduct numerous food, new clothing, and school supply drives to benefit children and adults living in our impoverished neighborhoods.

CONNECTING PATIENTS WITH FINANCIAL RESOURCES. Temple employs 35 Financial Counselors dedicated to helping uninsured and under-insured patients obtain medical coverage. This team processes about 5,500 applications annually.

COMBATING GUN VIOLENCE. Philadelphia leads the nation's 10 largest cities in homicides per capita. Three police districts with the highest number of shootings fall within our footprint. Temple treats more than 500 victims of penetrating wounds annually. To address this epidemic, Temple's Cradle to Grave program works with at-risk youth to

--	--

help break the cycle of gun violence. Cradle to Grave engaged 1,500 teens this year, and engaged more than 9,000 teens since the program began in 2006. Its Turning Point intervention program takes advantage of teachable moments that exist during the post-injury/pre-discharge period for survivors of violence.

INVESTING IN HEALTH PROFESSIONS EDUCATION. Temple invests about \$59 million to provide the education and training necessary to develop a professional healthcare workforce to benefit the broader community. This includes part of the cost of training more than 500 residents and fellows in over 45 teaching programs. Our residents and fellows are involved in various efforts that directly impact the community, including our Cradle to Grave program, our HIV clinic, and other community outreach initiatives. The exposure that our Residents receive caring for our diverse, low-income community helps Temple address health disparities while developing our nation's future physicians. Our investment in health professions also includes part of the cost of operating the Northeastern School of Nursing RN Diploma Program, providing an affordable option for diverse, community members who would not otherwise be able to attend traditional collegiate programs.

INVESTING IN OUR HOSPITAL WORKFORCE. Temple University Hospital's Community Healthcare Workforce Program provided comprehensive training and education to help frontline workers living in the community adapt and build skills to enable them to participate in a changing healthcare workplace. About half of the students are union members, and half from the general community, many of whom are laid-off workers and Welfare recipients.

FOSTERING VOLUNTEERISM. Members of Temple University Hospital's Board of Directors are comprised of dedicated volunteers from diverse backgrounds who offer expertise and govern the organization without compensation. Similarly, Temple University Hospital's executive team routinely participates in not-for-profit community health and social service organizations, as volunteer members of their boards-of-directors, and as participants in their outreach services. In addition, Temple University Hospital engages volunteer community members to help advance its healthcare mission. Through our chaplaincy, family support, and other programs, our volunteers served more than 9,000 people last year, helping to advance healing through their compassionate services to patients and their families.

PROMOTING MULTI-CULTURAL SERVICES. With an annual investment of about \$1.5 million, Temple University Health System has 349 language-proficient staff, all who have been credentialed through the Linguistic and Cultural Services Department. This includes 10 full-time medical interpreters, 2 medical interpreters in leadership roles, 39 active dual-role interpreters, 61 language proficient physicians, 21 RNs, 1 social workers, and 215 other language proficient bi-lingual staff.

EMERGENCY PREPAREDNESS AND RESEARCH This program helps ensure our staff and hospital facilities are prepared to continue to provide safe, quality patient care even under the most austere conditions. We work on many levels, both inside and outside the Temple Health System, educating our communities about the importance of personal

preparedness. Temple's Emergency Preparedness and Research Program is a critical link in the federal, state, and local disaster response plans.

DONATING BLOOD. Working with the American Red Cross, we help ensure that our nation has a safe and reliable blood supply. Temple University Hospital helped collect 650 pints of blood from employees, physicians and community members.

PHILADELPHIA "MOM" PROGRAM: Temple's nursing staff and social workers assist the City in enrolling the new mothers shortly after delivering their infant and prior to discharge. New mothers and their babies from birth through the child's 6th birthday are connected with social, educational, and healthcare supports.

TEMPLE CENTER FOR POPULATION HEALTH (TCPH): Serves as an interface with federal, state and local agencies and with community based organizations to collaborate on initiatives to improve the health of our low-income, diverse, medically complex population. Below are a few of its many accomplishments in the past year: (1) Community-based Care Transitions Program-in collaboration with the Centers for Medicare and Medicaid Innovation (CMMI) and community partners, the TCPH demonstrated a 35% reduction in readmissions for patients completing the program; (2) Bundled Payment for care Initiative, also in collaboration with CMMI, the TCPH collaborates with long-term care providers to improve outcomes and reduce costs for patients discharged

--	--

with certain medical conditions; (3) State Innovation Model- the TCPH was a key stakeholder in planning for CMMI funding to help transform Pennsylvania's healthcare delivery and "all payer" payment system; (4) Healthshare exchange of Pennsylvania - our participation in this program will help promote quality improvement through information exchange among participating providers in Philadelphia 5-county region. (5) Patient Centered Medical Homes (PCMH) - all Temple primary care practices are in the process of transitioning to NCQA Level III recognition, which is a key component of federal and state accountable care models; (6) The TCPH is a key partner in this federally recognized collaboration with Temple University Center for Social Policy and Community Development , Local 1199C Training and Upgrade fund, and the Philadelphia Works, which provide training and job placement services for community health workers.

FUELING OUR COMMUNITY'S ECONOMIC ENGINE. Temple University Hospital employed more than 3,800 people and paid \$400 million in salaries and benefits. As a critical employer for North Philadelphia, about 22% of our employees live within its immediate and adjacent zip codes. For every \$1.00 of hospital employee compensation, about \$.92 additional compensation is spent elsewhere in the community (about \$368 million). For every job at Temple University Hospital, about 1.2 additional jobs are generated elsewhere (about 4,600 spin-off jobs).

REDUCING THE GOVERNMENT BURDEN. Temple University Hospital incurred nearly \$47 million in net charity and under-reimbursed care expenses. In addition, Temple maintains strong affiliations with the City of Philadelphia, Federally Qualified Health Centers, and numerous

--	--

community health organizations to help ensure access to care for our vulnerable population.

KEEPING PATIENTS OUT OF THE EMERGENCY DEPARTMENT. Temple University Hospital's Northeastern Campus includes its unique ReadyCare physician practice. ReadyCare offers expanded hours 365 days per year, and provides care that is specifically designed to meet the needs of the community - and to prevent unnecessary visits to a hospital Emergency Room.

SUBSIDIZING CRITICAL HEALTH SERVICES. Temple University Hospital invested about \$23 million to subsidize critical health care services needed in our community. This includes support for our outpatient emergency, acute care and psychiatric services, as well as the inpatient psychiatric services on our Episcopal Campus. These physical and mental health services are critical to the health and welfare of our vulnerable communities.

Form 990, Part VI, Section A, line 1:

Form 990, Part VI, Section A, line 7b:

Explanation: See Part VI Section A Line 6 Statement above

Form 990, Part VI, Section B, line 11:

Explanation: After review by management and outside tax counsel, the 990 and 990T (if any) are posted to the website of the Secretary's Office. Each Board Member is contacted and provided with the web address. A Board Member without internet access is provided a paper copy to review. The website and paper mailing have an overview of the 990 and 990T preparation process and internal reviews. Each Board Member is asked to review the 990 and 990T within 2 weeks and contact the Chief Financial Officer about any questions. In addition to the above process, the Audit Committee is provided a copy and the 990 and 990T are reviewed at a regularly scheduled meeting.

Form 990, Part VI, Section B, Line 12c:

Explanation: The Office of the Secretary provides each director and officer with copies of the conflicts of interest policy and a disclosure statement to be completed on an annual basis. The Office of the Secretary reviews the completed disclosure statements which are then reviewed in summary format by a committee of the Board of Directors and any recommended actions presented to the full Board of Directors. In addition to completing the annual disclosure statement, directors and officers must disclose potential or actual conflicts on an ongoing basis as matters arise. All disclosures are evaluated and a determination of whether a conflict exists is made by the Board or a committee of the Board.

All employees are subject to a conflicts of interest policy that is monitored by the Office of the Secretary.
