#### Part I, Line 7:

Costing methodology

A ratio of cost to charges derived from Worksheet 2 was used in determining the amounts reported on Part I, lines 7a through 7d. The

amounts are reported at cost and include both direct and indirect costs.

Direct costs include salaries, employee benefits, supplies, and other

costs that are directly attributable to the services. These direct costs

would not exist if the service or program did not exist. Indirect costs

are expenses not directly attributable to the service or programs but are

included in the calculation of costs for total charity care and

means-tested government programs. These costs include but are not limited

to human resources, finance departments, insurance, support departments

and overhead expenses.

Part III, Line 2:

Effective July, 1, 2018, the Health System adopted a new revenue

recognition accounting standard that resulted in significant changes to

the methodology for reporting bad debt expense. Under the previous <sup>932100 11-19-19</sup> Schedule H (Form 990) 2019

## Schedule H (Form 990) Jeanes Hospital Part VI Supplemental Information (Continuation)

standard, estimates for amounts not expected to be collected based on historical experience were recorded within net patient service revenue and then recognized as bad debt expense. Under the new standard, estimates for unrealizable amounts are recognized as implicit price concessions that are a direct reduction to net patient service revenues. As a result, the amount of bad debt expense reported in the Health System's financial statements has been greatly reduced, despite the fact that overall collection rates have not changed.

Part III, Line 4:

The ratio of cost to charge method is used in determining the amount reported on line 2. The amount on line 2 is reported at cost and includes both direct and indirect costs. Direct costs include salaries, employee benefits, supplies, and other costs that are directly attributable to the service and that would not exist if the service or program did not exist. Indirect costs are costs not attributed to the services or programs that are included in the calculation of costs for community benefit. These costs include but are not limited to human resources, finance departments, insurance, support departments and overhead expenses.

Part III, Line 8:

As part of its efforts to improve the health and quality of life of people living in the community, Jeanes Hospital provided \$3,615,430 in under-reimbursed services to patients enrolled in Medicare programs. Jeanes Hospital believes that the Medicare shortfall of \$3,615,430 should be treated as a community benefit since it has a clear mission to serving and improving the health status of the elderly. The \$3,615,430 shortfall is not included in the table on page 29 and if included the total Schedule H (Form 990) financial assistance and community benefits provided at cost would increase from 4.17% to 8.10%. For the seven months ended January 31, 2020, approximately 59% of all inpatients treated at Jeanes Hospital were over the age of 65. In addition, Jeanes Hospital is designated as a Medicare Disproportionate Share Hospital (DSH). DSH hospitals are "safety net" hospitals because they serve predominantly low-income communities and have a substantial number of Medicare patients that also qualify for Supplemental Security Income (SSI). SSI is is a government means-tested welfare program that provides cash assistance and health care coverage (i.e. Medicaid) to people with low income and limited assets who are either aged 65 or older, blind, or disabled. The most recent data available from CMS shows that 13.5% of inpatients treated Jeanes Hospital during fiscal year 2020 qualified for SSI. The costs associated with providing care to these patients are frequently not covered by government sponsored programs.

Part III, Line 9b:

Jeanes Hospital's Billing and Collection policy contains provisions on the collection practices to be followed for all patients including patients who qualify for charity care/financial assistance. For uninsured patients Jeanes Hospital systematically discounts the charges to a uninsured fee schedule which is based on Medicare rates. Patients with income up to 400% of Federal Poverty Income Guidelines may qualify for charity care/financial assistance. If an account does not qualify for charity care or financial assistance, the normal billing process of four (4) statements over a span of at least 120 days will occur. If no patient response is received, a write-off request form will be completed by the collection specialist and submitted for proper signature authority for agency Schedwle H(Form 990)

referral. The account will be forwarded to a collection agend	cy for
additional collection efforts. Jeanes Hospital never reports	s a patient's
bad debt to a credit bureau. In addition, Jeanes Hospital of	ffers very
patient friendly payment plans to accommodate a patient's sit	tuation.

Part VI, Line 2:

In addition to the formal Community Health Needs Assessment described in

We also actively participate in local, regional and state level workgroups. These partnerships enable us to coordinate care delivery in both the inpatient and outpatient settings and address social determinants of health affecting health outcomes for the communities we serve. Part VI Supplemental Information (Continuation)

Part VI, Line 3:

The Financial Counselors assigned to Jeanes Hospital screen all uninsured and underinsured patients (including those with high deductibles and co-pays) who are hospitalized or require elective outpatient hospital services to determine their eligibility for government funded medical insurance coverage such as Medicaid and CHIP. Patients that meet the qualifications for these programs are assisted by financial counseling staff throughout each step of the application process. Medicaid applications are submitted by Jeanes Hospital on the patients' behalf and tracked until final determination. Patients who do not qualify for government-funded programs are screened for Jeanes Hospital's Emergency Care, Charity Care, and Financial Assistance, and Uninsured Discount Policy to determine their eligibility for free or reduced cost care.

Emergency Care, Charity Care, and Financial Assistance, and Uninsured Discount Policy is not restricted to Emergency Department patients, but is available to inpatients and outpatients as well. Patients who contact the Hospital's Business Office concerning bills they have received that they cannot afford to pay are also screened for Charity Care eligibility. The Financial Counseling Staff at Jeanes Hospital also offers assistance in obtaining supplemental coverage as well as prescription drug benefits.

Patients are informed of our financial services, and directed on how to access these services, through the following means: Posters in plain view at inpatient, outpatient and emergency registration areas and billing offices; Patient discharge summaries, billing invoices and vendor collection notices; Hospital website. Quaker belief that in each person there resides a spirit that creates a

common bond among us all. Our health care services include

maintenance and enhancement of health, which quickens the spirit and

enhances the vitality of our lives.

On February 1, 2020 Jeanes Hospital merged with Temple University

Hospital, Inc. (TUH) and became a campus of TUH. This merger enabled

the two separate entities to better integrate and consolidate services,

allowing the Jeanes campus to provide more efficient and cost effective

care.

Community Benefit Overview:

Jeanes Hospital takes great pride in the broad array of community services that we provide to our surrounding neighborhoods. Founded in 1928 by virtue of a bequest in the Will of Philadelphia Quaker leader Anna T. Jeanes, we continue her vision of serving as the destination for those who need ambulatory, inpatient, surgical, and home care in Northeast Philadelphia by combining the compassionate nature of a Quaker founded community hospital with the advanced capabilities of an academic medical center. Jeanes Hospital is firmly committed to 932212 09-06-19 Schedule O (Form 990 or 990-EZ) (2019)

advancing the health of people and quality of life in our	communities.
Below is a summary of some of the programs and activities	operated in
our FYE February 1, 2020 of which we are most proud.	

Engaging with the Community. Jeanes reached nearly 13,000 seniors, adults, and children, providing free health education and screenings; support groups; stroke awareness, and other topics, and many other outreach and community building activities.

Jeanes is working beyond its hospital walls to Promoting Wellness: address social determinants of health and improve the quality of living in our communities. Through our FARM STAND program, we work with the Jeanes Auxiliary and the Common Market to address the dangers of obesity by bringing a farmer's market to our campus, offering nutritional cooking demonstrations and offering locally grown fruits and vegetable to the community. We've become part of the "Good Food Healthy Hospitals" initiative, which asks hospitals to take the lead in offering healthier food options. We instituted "Wellness Wednesdays" to incorporate healthy produce into recipes for people to try/buy, having recipes and cooking tips available at the farm stand. Jeanes offers a safe, park-like WALKING TRAIL for community members to enjoy healthy outdoor exercise. We also host some of our community education sessions outdoors on this track, where cardiologists and other health professionals explain firsthand the need to stay fit and healthy. Similarly, we work with community organizations to improve the community's access to mental health resources.
