Jeanes Hospital:

Part V, Section B, Line 5: In conducting its CHNA, Jeanes Hospital took into account input from representatives of the community served by its facility, including those with special knowledge or expertise in public health. Our processes, as well as the persons with whom Jeanes Hospital consulted are set forth on pages 13 to 15, as well as Appendix A of Jeanes CHNA for 2015, which is posted in plain view on the hospital's website at http://www.jeanes.com/content/community_health_information.htm As noted in the CHNA, Jeanes Hospital held a community stakeholder meeting at its facility. Its CHNA also included feedback obtained in four external community CHNA community meetings that were conducted by the Public Health Management Corporation on behalf of Jeanes Hospital and other Philadelphia area hospital providers.

Jeanes Hospital:

Part V, Section B, Line 11: Jeanes is addressing many of the needs identified in the CHNA. Some needs, such as dental care, however, are not among the clinical service that are provided by our hospital. To address cancer care, we are working in partnership with our affiliated Fox Chase Cancer Center. Although the federal government and HHS-funded Marketplace Navigators are in a better position to address needs of the uninsured, our Financial Services Department continues to provide services for our patients and families, and is partnering with community stakeholders as our resources allow. All unmet needs are identified in our CHNA Implementation strategy, which is posted in plain view on our hospital's

Part I, Line 7:

Costing methodology

A ratio of cost to charges derived from Worksheet 2 was used in determining the amounts reported on Part I, lines 7a through 7d. The amounts are reported at cost and include both direct and indirect costs. Direct costs include salaries, employee benefits, supplies, and other costs that are directly attributable to the services. These direct costs would not exist if the service or program did not exist. Indirect costs are expenses not directly attributable to the service or programs but are included in the calculation of costs for total charity care and means-tested government programs. These costs include but are not limited to human resources, finance departments, insurance, support departments and overhead expenses.

Part III, Line 2:

Per the financials, accounts receivable are written off against the allowance for doubtful accounts when management determines that recovery is unlikely and the Health System ceases collection efforts.

Part VI Supplemental Information (Continuation)

Part III, Line 4:

The ratio of cost to charge method is used in determining the amount reported on line 2. The amount on line 2 is reported at cost and includes both direct and indirect costs. Direct costs include salaries, employee benefits, supplies, and other costs that are directly attributable to the service and that would not exist if the service or program did not exist. Indirect costs are costs not attributed to the services or programs that are included in the calculation of costs for community benefit. These costs include but are not limited to human resources, finance departments, insurance, support departments and overhead expenses.

Part III, Line 8:

As a response to efforts to improve the health and quality of life of people living in the community, Jeanes Hospital provided \$1,121,038 in unreimbursed services to patients enrolled in Medicare programs. Jeanes Hospital believes that the Medicare shortfall of \$1,121,038 should be treated as a community benefit since it has a clear mission to serving and improving the health status of the elderly. For the twelve months ended June 30, 2016, approximately 53% of all inpatients treated at Jeanes Hospital were over the age of 65 and if Jeanes should cease to exist, this shortfall would have to be absorbed by another hospital provider in the Jeanes community. In addition, Jeanes Hospital is designated as a Medicare Disproportionate Share Hospital (DSH). DSH hospitals are "safety net" hospitals because they serve predominantly low-income communities and have a substantial number of Medicare patients that also qualify for Medicaid coverage. The associated costs with providing care to these patients are frequently not covered by government sponsored programs.

Part VI Supplemental Information (Continuation)

Part III, Line 9b:

Jeanes Hospital's collection policy contains provisions on the collection practices to be followed for patients who are known to qualify for charity care. If an account does not qualify for charity care or qualifies for only a charity care discount, the normal billing process of four (4) statements over a span of at least 120 days will occur. If no patient response is received, a write-off request form will be completed by the collection specialist and submitted for proper signature authority for agency referral. Once approved, the account will be transferred to the Bad Debt Financial Class log . The account will be forwarded to the collection agency for additional collection effort.

Part VI, Line 2:

Needs assessment

In assessing community needs, Jeanes Hospital uses comprehensive sets of internal and external data sources.

Externally, we rely largely on health data compiled by federal, state, and community-based health organizations, including the following:

Community health assessment survey results from the Public Health Management Corporation (PHMC), including data on chronic health conditions, adult asthma, arthritis, diabetes, blood pressure, cholesterol, mental health, smoking, adult obesity, exercise, colonoscopies and PAP exams, mammograms and clinical breast exams; Disease rate data from the United States Center for Disease Control; Market data and quality assessments from the Pennsylvania Health Care

Part VI Supplemental Information (Continuation)

Cost Containment Council (PHC4);

Philadelphia Department of Public Health, including: the Philadelphia Vital Statistics Report, the Philadelphia Vital Statistics by Census Tract and Zip Code Report, the annual Health Center Service Area Report, and the Taking Philadelphia's Temperature report;

Medpar data from the Centers for Medicare and Medicaid Services (CMS); Care Science Quality Manager from Premier;

Other data from the Pennsylvania Department of Health, Delaware Valley Healthcare Council, etc.

Internally, we rely on the following sources:

Collaboration of Medical School and Hospital leadership;

Consensus discussion with key clinical providers;

Performance Improvement, Risk Management and Patient Safety outcomes;

Historic, service line specific utilization data;

Organizational community risk assessments (Infection Control, Environment of Care, Emergency Management, Fire Safety Management, Disaster Response);

In addition to data sources, we have engaged a community advisory board, for the past two decades, that reflects the needs and opinions of our service area. That board meets quarterly and it is used on an ad-hoc basis to represent the community we serve.

Part VI, Line 3:

The Financial Counselors assigned to Jeanes Hospital screen all uninsured and underinsured patients (including those with high deductibles and co-pays) who are hospitalized or require elective outpatient hospital services to determine their eligibility for government funded medical

Part VI Supplemental Information (Continuation)

insurance coverage such as Medicaid and CHIP. Patients that meet the qualifications for these programs are assisted by financial counseling staff throughout each step of the application process. Medicaid applications are submitted by Jeanes Hospital on the patients' behalf and tracked until final determination. Patients who do not qualify for government-funded programs are screened for Jeanes Hospital's Emergency Care, Charity Care, and Financial Assistance Policy to determine their eligibility for free or reduced cost care.

Emergency Care, Charity Care, and Financial Assistance Policy is not restricted to Emergency Department patients, but is available to inpatients and outpatients as well. Patients who contact the Hospital's Business Office concerning bills they have received that they cannot afford to pay are also screened for Charity Care eligibility. The Financial Counseling Staff at Jeanes Hospital also offers assistance in obtaining supplemental coverage as well as prescription drug benefits.

Patients are informed of our financial services, and direction on how to access these services, through the following means: Posters in plain view at inpatient, outpatient and emergency registration areas and billing offices; Patient discharge summaries, billing invoices and vendor collection notices; Hospital website.

Part VI, Line 4:

Jeanes Hospital Service Area

Community Profile

Jeanes Hospital service area consists of the following zip codes: 19111,

Part VI Supplemental Information (Continuation)

19115, 19116, 19120, 19124, 19135, 19136, 19140, 19149, and 19152. The Jeanes Service Area overlaps with Temple University Hospital at Zip Codes: 19111, 19120, 19124, 19140, and 19149. The Jeanes area has range of demographics from the affluent to those in chronic poverty. In ways it reflects the City and in others it is unique.

A. Population and Population Growth

The Jeanes area population growth rate has been revised down to 1.9%, a decrease of 0.7 points over the prior 5-year period of 2015 - 2020. This rate is slightly less than the City and well behind the Nation's rate of 3.5%.

B. Age Distribution

The Jeanes area age distribution is remarkably similar to the Nation's, less so with the City and State - but within several points in each age cohort.

C. Education Level

The Jeanes area education level has shifted with an increase of 0.3 points in those graduating high school and an increase of 0.8 points for those with post-secondary education. However, the level still trails the City and is significantly different from the State and Nation.

D. Unemployment and Household Income

Unemployment

Unemployment figures have returned to their prerecession levels and Philadelphia's unemployment rate remains considerably higher than the

Part VI Supplemental Information (Continuation)

surrounding counties and also higher than the State or Nation. But not reflected in those numbers are the underemployed and those out of the job market which remains stubborn.

(Source: Bureau of Labor Statistics, US Department of Labor; Pennsylvania Department of Labor)

Household Income

The Jeanes area income distribution shows a 1.3 points rise in those with household income over \$50,000 that is the same as the City, but trails the State and Nation. The Jeanes area and the City still show a disproportionate number of households at or below the \$50,000 level.

E. Population Below Federal Poverty Level

The overall Jeanes area percentage of the population living under the Federal Poverty Level is nearly the same as the City, and approximately 2-times the State & Nation's. Only 4 Zip Codes compare favorably with the Nation's rate. Three Zips Codes: 19120, 19124, 19140 exceed the City rate and are also in the TUH overlap area - an identified area of chronic poverty.

F. Race/Ethnicity

Jeanes Primary Service is defined as zip codes surrounding the hospital where 75% of the patients admitted reside. The race/ethnicity distribution based on most recent data 36% White Non-Hispanic, 29.5% Black, 23% Hispanic, 9% Asian / Pacific Island and 2.5% All Other. This compares to Jeanes 2016 inpatient experience of 61.9% White Non-Hispanic, 17.8% Black Non-Hispanic, 13.8 %Hispanic, 2.2% Asian/Pacific

Part VI Supplemental Information (Continuation)

Island and 4.3% All Other.

G. Payer Mix in 2016

The payer mix for Jeanes area consist of the following: Inpatient Medicare/Medicare Managed Care 59%, Medicaid/Medicaid Managed Care 17%, Self Pay 2%, All Other 22%, Outpatient Medicare/Medicare Managed Care 35%, Medicaid/Medicaid Managed Care 18%, Self Pay 4%, All Other 43%. It is important to note of the Medicare patients seen by Jeanes based on most current available published data (Federal Fiscal Year 2014), 14.23% qualified for supplemental security income (SSI) which pays benefits to disabled adults and children who have limited income and resources. Jeanes SSI percentage continue to increase which is reflective of the changing demographics within its service area. Jeanes closely reflects the City payer profile.

Part VI, Line 5:

Community Benefit Overview:

Jeanes Hospital takes great pride in the broad array of community services that we provide to our surrounding neighborhoods. Founded in 1928 by virtue of a bequest in the Will of Philadelphia Quaker leader Anna T. Jeanes, we continue her vision of serving as the destination for those who need ambulatory, inpatient, surgical, and home care in Northeast Philadelphia by combining the compassionate nature of a Quaker founded community hospital with the advanced capabilities of an academic medical center. Jeanes Hospital is firmly committed to advancing the health of people and quality of life in our communities. Below is a summary of some of the programs and activities operated in our FYE June 30, 2016 of which we are most proud.

Reaching out to the Community. Jeanes reached more than 15,000 seniors, adults, and children, providing free health screenings; support groups for patients and families dealing with disease; immunization for flu; stroke awareness, and other topics, and many other outreach activities.

Wellness Track: Jeanes offers a safe, park-like walking trail for community members to enjoy healthy outdoor exercise. Increasingly, we are hosting some of our community education sessions outdoors on this track, where cardiologists and other health professionals explain firsthand the need to stay fit and healthy.

Food, Book, Clothing, and Toy Drive: Reflecting the compassion of our Quaker heritage, Jeanes employees contributed food, new coats, toys and financial contributions to support low income families living in our communities. We partnered with Salvation Army, Feast of Justice, local food banks, churches and other community organizations on these initiatives.

Blood Drives: In partnership with the American Red Cross, Jeanes collected nearly 100 productive pints of blood.

Health & Wellness Education: More than 300 community members joined our Community Classroom series, which focused on stroke awareness, arthritis, osteoporosis, healthy diet, exercise, stress, cancer, and other topics of interest to our community.
