COMMUNITY BENEFITS OVERVIEW	
Temple University Health System (TUHS), as the sole members	er of its

facilities, programs, and other resources to carry out a	broad array of
community services. Through the employees and physicians	of Temple
University Hospital, Fox Chase Cancer Center, Jeanes Hospital	pital, our
faculty and community based physician practices, we prov	ide

North Philadelphia and our Southeast Pennsylvania region	•
TUHS is dedicated to ensuring access to comprehensive pr	imary and

academic excellence in medical education and research.	
Our health outreach and education services are critically	y important in

hospitals. TUHS hospitals provide indispensable health care services to residents of Philadelphia, which is the largest city in America without a public hospital. Among Pennsylvania's full-service safety-net providers, Temple University Hospital (TUH) serves the greatest volume

TUH is a 722-bed non-profit acute care hospital that provides a broad spectrum of primary, secondary, tertiary, and quaternary care to patients in throughout Southeastern Pennsylvania and beyond. TUH is accredited as an Adult Level 1 Trauma Center by the Pennsylvania Trauma Systems Foundation and is a Regional Burn Center.

and highest percentage of patients covered by Medicaid.

In addition to our main campus on North Broad Street, TUH includes the

Episcopal and Northeastern campuses, both of which are in economically

distressed areas within three miles of the TUH and medical school

campus. Our Episcopal Campus provides a recovery-oriented behavioral

health treatment program, offering a welcoming approach and hope for

those whose lives have been affected by mental illness and co-occurring

disorders. It serves adults, age 18 or older, experiencing severe

psychiatric symptoms that markedly impair their capacity to function

adequately within the community. Many are diagnosed with psychiatric

plus one or more substance or alcohol disorders. Almost half have

diagnoses of hypertension, diabetes or both. Many have multiple

co-existing medical illnesses.

All Temple physicians, whether faculty or community based, care for patients covered by Medicaid in both the inpatient and outpatient setting. About 86% of TUH's inpatients are covered by government

Patients dually
eligible for both Medicare and Medicaid comprise about 52% of our
Medicare inpatient base. Approximately 50% of our total inpatient
cases include a behavioral health diagnosis.

TUH serves as a critical access point for vital public health services.

Last year we handled more than 135,000 patients in our Emergency

Department; about 11,000 patients in our Psychiatric Crisis Response

Center; 2,300 discharges from our inpatient Behavioral Health unit; 557

victims of gun and stab violence in our Trauma Unit, the highest number in Pennsylvania; and more than 300 patients in our Burn Center. We delivered about 2,650 babies, of whom 88% were covered by Medicaid.

Temple physicians also staff important clinics that address major

public health concerns, such as the Comprehensive Neuroaids Center at

Temple University, which is dedicated to improving the public health

impact of bench-to clinic research associated with HIV-induced

neurological diseases and cognitive disorders.

As indicated in the 2016 Community Health Needs Assessment of the Philadelphia Department of Health, poverty, and poor living conditions are prevalent in the City's Lower North and North planning districts served by TUH, in which 46% of the population live at incomes below 100% of the Federal Poverty Level, and conditions of living and housing are suboptimal, illustrated by rat complaints of 20-42/10,000 population. The homicide mortality rate in these planning districts is also the highest in the City of Philadelphia. In CY 2016, there were

within the immediate service area of TUH. The disease burden in North

Philadelphia is significant, including high prevalence of obesity,

diabetes, hypertension, asthma, chronic obstructive pulmonary disease
and heart disease.

Temple's nationally renowned physicians offer state of the art
treatment options for patients with complex medical problems, some of
whom were previously considered untreatable. Using sophisticated
technologies and personalized treatments, Temple physicians are working
to alter the course of serious disease. In over a dozen research
centers, our faculty is speeding the transformation of fundamental
scientific discoveries into practical therapies that may one day
dramatically improve human health.

The Fox Chase-Temple Bone Marrow Transplant Program, a formal affiliation between Fox Chase Cancer Center and TUH, is an example of this type of transformative medicine. Since its inception in 1988, the program has performed over 1,500 transplants, and has participated in countless research studies to promote life-saving treatment modalities.

Complementing our academic mission, The Temple Center for Population

Health, LLC, (TCPH) promotes and supports the population health efforts

of TUH and North Philadelphia. We align our efforts with the goals of

the United States Department of Health and Human Services' three-part

aim of achieving better care for patients, better health for our

communities, and lower costs through health care system improvement.

we are especially proud of the services provided through Fox Chase

Cancer Center. As a National Cancer Institute Comprehensive Cancer

Center, Fox Chase is one of only 47 centers in the country to qualify

for this designation. Its Office of Health Communications and

Disparities addresses the cancer needs of its geographically, racially

and ethnically diverse population through individual contact, group

teaching and other modes to educate about cancer and link to

screenings.

Temple University Health System takes great pride in the broad array of services it provides to the community. Below we describe a few of the programs and activities conducted this past year to help advance the wellness and improve the quality of life in our communities.

CHARITY AND UNDER-REIMBURSED CARE: Our hospitals provided more than \$75 million in charity and under-reimburse care.

community members through free community-based healthcare outreach,
educational and community building programs that strengthen the health
and safety of the neighborhoods we serve. We provide free health
screenings and support groups on a variety of topics including alcohol
and substance abuse, burn prevention, childbirth, diabetes and stroke
prevention. This past year, we implemented a free prenatal yoga class
to help new and expecting moms appreciate the value of a sound mind,
healthy body and newborn bonding. Our extensive community building
programs include efforts to advance early childhood education, food
access and other social determinants of health.

TEMPLE HEALTH FEST. Temple University Hospital conducted a

comprehensive health festival for its immediate community to help break

down barriers to care. Programming including a physician-led TED style

talk on cancer, ethnically appropriate nutritious cooking

demonstration, 20+ interactive educational stations on a variety of

health issues with a diverse group of physicians, nurses, social

workers, dieticians, financial counselors, community health workers and
other professionals.

WORKFORCE DEVELOPMENT. Invested more than \$800,000 in

nationally-recognized partnership with our labor union to build our

local workforce and improve skills needed in an evolving healthcare

industry.

VIOLENCE PREVENTION AND INTREVENTION. Our 360 degree approach addresses gun violence through prevention and intervention at the bedside, in high schools and on the streets. Programs include Cradle to Grave,

Turning Point, fighting Chance and other youth programs. Our newest program "Healing Thorough Arts" ties in Philadelphia's arts community.

OPIOID RESPONSE.

We are a key partner with the city and state to address the opioid
epidemic. Working closely with the Mayor's Task Force to Combat the

Opioid Epidemic and the Philadelphia Departments of Health and
Behavioral Health and Intellectual Disability Services, we began

planning for the Recovery Overdose Survivor Engagement (warm handoff)

project in our emergency department and expansion of our crisis

response center. We continue to explore opportunities for a unique opioid respite center on our Episcopal Campus, and are developing a coordinated network of providers to integrate and facilitate medical care and social supports for those suffering from Opioid Use Disorder.

PROVIDING CRITICAL SOCIAL RESOURCES. Temple connected more than 14,000

people with community-based social services, including free

transportation services, legal services, and clothing to destitute

patients upon discharge, and free pharmaceuticals, co-pays and medical supplies that provide our most vulnerable patients with the resources they need to help them heal after discharge.

ENSURING SAFE SLEEP AND A HEALTHY START FOR MOMS AND NEWBORNS. Our

Sleep Awareness Family Education at Temple (SAFE-T) educates new moms

and families about safe infant sleep through one-on-one education in

the hospital and a certificate upon discharge. Families receive a Safe

Sleeper kit complete with a sleep-safe baby box, layette items such as

fleece and cotton clothing, sheets and blanket, a baby book, (English

and Spanish language), diapers, a thermometer, nasal aspirator, baby

wash, smoke detectors (provided by the Philadelphia Fire Department)

and educational materials and resource referral for cribs, car seats

and other necessities. The program served nearly 5,000 caregivers and

newborn infants this year.

PHILADELPHIA "MOM" PROGRAM. Temple's nursing staff and social workers
assist the City in enrolling the new mothers shortly after delivering
their infant and prior to discharge. New mothers and their babies from
birth through the child's 6th birthday are connected with social,

educational, and healthcare supports.

PREVAILING UPON CANCER. The Fox Chase Cancer Center operates several comprehensive screening and education programs, including its Community Cancer Screening Program which connects individuals with breast, skin, head, neck, and prostate cancer screenings. Fox Chase Speakers Bureau educates the community on breast, cervical, ovarian, colorectal, prostate, lung, skin and other cancers. Through our Resource and Education Center, Fox Chase provides patients, families, and community members with access to free cancer information and resources that address the cancer continuum. Fox Chase also provides psychosocial supports through several support groups. Our community partnerships include diverse entities including community-based, faith-based, business, legislative, and academic partners. Through these partnerships, we successfully educated, screened audiences and developed relationships to support community wellness.

IMMERSION IN SCIENCE HIGH SCHOOL PROGRAM. Through its Immersion in

Science High School Program, Fox Chase Cancer Center provided free
education programming to diverse high school students from the region.

The Immersion Science program provides staged, comprehensive exposure
of high school students to increase retention in biomedical careers and
to provide direct instruction in laboratory techniques and scientific
thinking. There is no cost to participate, and summer salaries are
provided to students in the Phase 3 segment of the program.

PROMOTING COMMUNITY WELLNESS: Jeanes Hospital, our premier community hospital, is working beyond its hospital walls to address social

determinants of health and improve the quality of living in our communities. We work with local community organizations to address the dangers of obesity by bringing a farmer's market to our campus, offering nutritional cooking demonstrations and partnering with food kitchens. Jeanes offers a safe, park-like walking trail for community members to enjoy healthy outdoor exercise. We also host some of our community education sessions outdoors on this track, where cardiologists and other health professionals explain firsthand the need to stay fit and healthy. Similarly, we work with community organizations to improve the community's access to mental health resources.

FOSTERING VOLUNTEERISM. Temple University Hospital's volunteer intern

program connected undergraduate students who engage in pro-active

non-clinical rounding on inpatient and outpatient units and interact

with patients and families. Volunteer interns gain familiarity with

hospital settings while enhancing the experience of patients and

visitors. Total volunteer hours logged last year was 14,924 serving

65,614 patients, helping to advance healing through their compassionate

services to patients and their families.

EMERGENCY PREPAREDNESS AND RESEARCH. This program helps ensure our staff and hospital facilities are prepared to continue to provide safe, quality patient care even under the most austere conditions. We work on many levels, both inside and outside the Temple Health System, educating our communities about the importance of personal preparedness. Temple's Emergency Preparedness and Research Program is a critical link in the federal, state, and local disaster response plans.

TEMPLE CENTER FOR POPULATION HEALTH. This center serves as an interface with federal, state and local agencies and with community based organizations to collaborate on initiatives to improve the health of our low-income, diverse, medically complex population. It served more than 2,000 community members last year.

COACH INITIATIVE. Southeast Pennsylvania Collaborative Opportunities
to Advance Community Health (COACH) initiative. In partnership with
the U.S. Department of Health & Human Services, Philadelphia Department
of Health and the Healthcare Improvement Foundation, Temple helps
address food insecurity. In selected clinical settings, a member of
our hospital staff asks patients about their access to sufficient food.

If a patient indicates food insecurity, we refer the patient to
community resources for SNAP food assistance, food banks and other
needs.

FINANCIAL SERVICES. Working within and beyond our hospital walls, our team of 38 Financial Counselors are dedicated to helping uninsured and underinsured patients obtain medical coverage.

MULTI-CULTURAL SERVICES. With a budget of about \$1.8 million, TUHS has credentialed 17 Dual Role Interpreters, 166 Language Proficient

Physicians, 31 language proficient RNs and 172 Language Proficient

Bilingual Staff. Our team of 397 language proficient staff also includes 9 dedicated medical interpreters, a manger and a director.

This unique program helps break down health disparities and improve health outcomes.

PATIENT FAMILY ADVISORY COUNCILS (PFACS). Under the leadership of

Temple University Hospital's Office of Patient Experience, we

implemented the six (6) Temple Physicians Incorporated (TPI) PFACs and

the Temple Heart and Vascular Institute (THVI) PFAC. The common mission

of these committees is to foster dignity and respect by engaging

diverse community stakeholders to collaborate, share information and

improve patient and caregiver experience. The initial goals of the

committee were to evaluate patient satisfaction and patient education

in each council's location and develop priorities for the purpose of

action planning. The committees are currently developing the action

steps to address their priorities with the full support of Temple

Health leadership.

AMERICAN RED CROSS BLOOD DRIVES. We help ensure that our nation has a safe and reliable blood supply. Temple hospitals helped collect more than 500 pints of blood from employees, physicians and community members.

INVESTING IN HEALTH PROFESSIONS EDUCATION. Temple provides a significant investment in education and training necessary to develop a professional healthcare workforce to benefit the broader community.

This includes part of the cost of training more than 500 residents and fellows in over 45 teaching programs. Our residents and fellows are involved in various efforts that directly impact the community, including our Cradle to Grave program, our HIV clinic, and other community outreach initiatives. The exposure that our residents receive caring for our diverse, low-income community helps Temple address

health disparities while developing our nation's future p	hysicians.
SUBSIDIZING CRITICAL HEALTH SERVICES.	
Temple University Hospital invested about \$26 million to	subsidize
critical health care services needed in our community. Th	is includes
support for our outpatient emergency, acute care and psyc	hiatric
services, as well as the inpatient psychiatric services of	on our
Episcopal Campus. These physical and mental health service	es are
critical to the health and welfare of our vulnerable comm	unities.
TUHS ECONOMIC IMPACT: Annual budget of \$1.6 billion and	more than
8,000 employees make us one of the largest academic medic	al centers in
region. This produces additional economic impact by stimu	lating the
growth of indirect jobs and business in the local communi	ty and region.
(Estimated \$2.9 billion total economic impact within Penn	sylvania
supporting nearly 16,000 direct and indirect jobs.)
